KEVIN ANTONACCI
WEB DEVELOPER

Irwin, PA • 724.454.4441 • kevinantonacci@gmail.com

PROFILE

Hello, my name is Kevin and I'm a 28 year old, full-stack developer located near Pittsburgh, PA. An 8 year veteran of the craft who focuses on clean code, lightning fast performance and usability.

I have a tailless cat, a maniac parakeet and am constantly thinking about how I could clone a dinosaur. 15+ year drummer and EA Sports NHL prodigy.

STEEL CITY COLLECTIBLES

Web Master:
Janury 2012 - Present

Created and facilitated the online growth of the brand, driving it to become one of the top hobby shops worldwide.

Utilizing Laravel, planned, designed and developed enterprise level e-commerce solutions serving tens of thousands of customers per year.

Planned, designed and developed custom ERP solutions collectively known as the 'Hub', maintaining and automating thousands of listings across multiple online marketplaces, track millions of units between multiple warehouses using location based inventory, integrated brick and mortar point of sale systems and much more.
